March 27, 2006 – Indianapolis, Indiana – ***Teleos proudly participates in the American Chamber of Commerce meeting in Hong Kong.*** Teleos was pleased to be among the participants at the recent American Chamber of Commerce meeting in Hong Kong covering sales growth strategies for small and medium size entrepreneurships. This particular session was hosted by Rogen Hong Kong, corporate consultants and trainers on sales and creating positive impressions with key stakeholders.

Benjamin Shobert, one of Teleos' founders and Managing Directors, said "Teleos has a particular interest in entrepreneurs who have developed innovative products and are looking to intelligently expand into North American markets. Being sensitive to a growth strategy built on innovation, product design and marketing is going to become increasingly important as globalization continues." Venues such as the American Chamber of Commerce provide excellent networking opportunities for Teleos to expand its exposure to business leaders in the Asian community.

Teleos provides a family of services ranging from fee-based analysis services in the field of product design, regulatory compliance evaluation or intellectual property review to more comprehensive development of business strategies for assisting Asian businesses more intelligently access the North American market. Additional services offered by Teleos include providing Asian businesses with the ability to hire employees through Teleos with Teleos providing administration of benefits and salaries. Clients selecting these services may also access Teleos' billing and expense oversight allowing the client-OEM to focus its resources in other areas.

The company's primary focus is on technology companies whose emphasis is on differentiating themselves from their competitors not purely on price, but on innovative product design and marketing. Teleos clients are transitioning from a cost-only competitive model to a business model predicated on unique products reflecting their eagerness to adapt to new technologies.
